Q4 2011

The **Market Barometer** is the component of Worldflow that focuses on the flowmeter industry. Every quarter, the Market Barometer shines its spotlight on this industry, looking for important events to discuss or highlight.

We find the events, report them, and place them in the context of the flowmeter industry. The Market Barometer explains and interprets the importance of new technologies, new products, mergers, and acquisitions. We give you the information and ideas you need to generate forecasts, make budget decisions, and implement winning strategies.

Market Barometer is part of the Worldflow Monitoring Service. Other publications in this service include the **Energy Monitor** and **Flash Reports**. The **Living Database** provides more in-depth information and analysis about the instrumentation business.

Here is the **Worldflow** publication schedule for the next few quarters:

Q4 2011

Market Barometer—January 2012

Energy Monitor— January 2012

Q1 2012

Market Barometer—February 2012

Energy Monitor—March 2012

Q2 2012

Market Barometer—April 2012

Energy Monitor—May 2012
